**Response to Notice of Non-Compliant Amendment (37 CFR 1.121)**

To the Honorable Commissioner of Patents:

Attached are (1) a corrected Response to the Office Action and (2) a second set of replacement drawings for FIGs. 1-4.

The Notice of Non-Compliant Amendment stated that the replacement sheets of drawings were missing from the file, at the time that the file reached the Supervisory Patent Examiner. Accordingly, a second set of replacement drawings is provided herewith to replace the previously filed, missing set of replacement drawings.

The Notice of Non-Compliant Amendment also stated that at least claims 23, 34, and 36-58 appeared to have incorrect status indicators. Accordingly, in the attached

revised Response to the Office Action the indication of the status of claims 23, 34, and 36-58 has been changed, and the revised Response to the Office Action now indicates the correct claim status for all of the claims.

Therefore, since the above two issues have been remedied, the revised Response to the Office Action is now compliant with 37 CFR 1.121, reconsideration of the application in view of the amendments and remarks within the revised Response to the Office Action is respectfully requested.

It the Applicant's understanding that either no petition for extension of time is necessary or that if a petition for an extension of time is attached, it covers the entire period for which an extension of time is necessary. However, if that is incorrect, an extension of time to the current date is hereby requested, if an extension of time is necessary. It is also the Applicant's understanding that no fees are required. However, if that is not the case, please charge any fees that may be due (and that have not been paid for elsewhere) to Deposit Account # 503345.

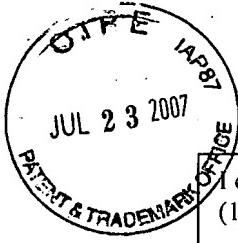

Please feel free to contact the Applicant's undersigned representative at 408-993-1800.

Respectfully Submitted,

  
David Lewis

#### Amendment/Response to Office Action

In response to the Office Action mailed December 12, 2006, please enter the following amendment to the above referenced application and consider the remarks that follow below.

In the drawings

Please replace the first four sheets of drawings with the four attached sheets of drawings containing FIGs. 1-4.
